- Popular sports
- Sports in everyday life
- Sports equipment and facilities

- Individual and team sports
- Sporting events and activities
- Sport at school and in the workplace

- Competitive vs. amateur sports
- Sponsorship in sports
- Extreme sports
- Competitive sports and health
- International sporting events (e.g. the Olympics, world championships)
- Sports broadcasting

- The role of sport in society
- Equal opportunities in sports
- The future of sports
- Charity sporting events
- Mind sports
- The social impact of major sporting and cultural events (national identity, economic benefits, environmental impact)

Level A2

Level B1

In addition to the topics listed for level A2.

Level B2

In addition to the topics listed for levels A2 and B1.

Level C1

In addition to the topics listed for levels A2, B1 and B2.

13. Media

- Films and TV series
- The internet in everyday life
- News
- Media and generations

- Online streaming services (e.g. films, music, sports)
- Online news sources
- Traditional news sources

- Online content creation and influencers
- Reliability of news sources
- Advertising
- Reality shows and celebrities

- The impact of influencers
- Responsible media use (fake news, manipulation and responsibility for staying informed)
- Objectivity in reporting
- Information overload and social awareness
- The role of media in art

14. Hobbies and Leisure

- Reading as a hobby
- Games
- Sport as a hobby
- Leisure activities
- Music, dance and film
- My favourite pastime

- Books, e-books and blogs
- Creative leisure activities
- Unusual and online hobbies
- Leisure time in nature

- Expensive hobbies
- Clubs and organisations (sports, cultural, professional)
- Hobbies and work
- Recycling as a hobby

- Dangerous hobbies
- Hobbies that can build communities
- Volunteering as a leisure activity

15. Education and Learning

- Introducing my school
- Schoolmates and teachers
- School subjects
- Daily school routine

- School programmes and activities
- Continuing education
- Language learning
- Online learning

- Exchange programmes / scholarships abroad
- Lifelong learning
- The importance of language learning
- Artificial intelligence in education
- Arts education at school
- Assessment systems at school
- Education systems (home country and target-language country)

- Equal opportunities at school
- Challenges of fitting in at school
- Challenges and reforms in education
- Consequences of using artificial intelligence

Level A2

Level B1

In addition to the topics listed for level A2.

Level B2

In addition to the topics listed for levels A2 and B1.

Level C1

In addition to the topics listed for levels A2, B1 and B2.

16. Work

- Introducing my workplace
- Well-known jobs
- Colleagues
- Daily routine at work

- Working from home
- Working at home and abroad
- Job search

- Working from home vs. working in an office
- Forms of employment (personal business, full-time employee, student job, seasonal work)
- Working in the EU
